THE REPUBLICAN NATIONAL CON-
VENTION.

A National Convention of the Republican party
 will meet at Chicago, Wednesday, the 24 day
 of June next, for the nomination of candidates to
 be supported for President and Vice President at
 the next election.

Republicans, and all who will co-operate with
 them in supporting the nominee of the party, are
 invited to choose two delegates from each
 Congressional District, four at large from each
 State, two from each Territory, and two from
 the District of Columbia, to represent them in
 the Convention.

J. D. CAMERON, Chairman.
 THOMAS B. KEOGH, Secretary.

REPUBLICAN STATE CONVENTION.

ROOMS OF THE
 REPUBLICAN STATE CENTRAL COMMITTEE,
 MILWAUKEE, February 13, 1880.

A State Convention of delegates representing
 the Republican party of Wisconsin, and of all
 who will co-operate with them in supporting the
 Nominees of the party, is hereby called to meet
 at the Capitol in Madison, at twelve o'clock P.
 M. on Wednesday, May 5th, 1880, for the purpose
 of placing in nomination an electoral ticket for
 the Presidential election, and also to select twenty
 delegates, (two from each Congressional district
 and four from the State at large), to represent the
 Republican party of Wisconsin in the National
 Republican Convention, which is called to meet
 at Chicago on the 24 day of June, A. D. 1880, and
 to transact such other business as may be deemed
 necessary.

Each Senate and Assembly District is entitled
 to two delegates in the Convention.

Mr. Tilden is able to do a great many
 things, but he is unable to withdraw from
 the contest, and quite unable to procure a
 first class metropolitan organ.

When it comes to two pence, the Democ-
 racy will decide that it had better not at-
 tempt to steal any more seats until it knows
 how the Presidential question will termi-
 nate.

The forty-seventh volume of the Su-
 preme Court reports, of this State, has been
 published. It contains all but nine
 cases disposed of previous to January 7,
 1880.

Among the dislikes of the Democrats
 in Congress, is that of being drawn out in
 debate. Whenever they begin to talk on
 any national question, they are sure to get
 their foot into it.

Things are constantly transpiring to
 give the Democrats increased troubles.
 Tilden still continues to gobble delegations,
 and their members of Congress tell
 the truth by calling each other liars.

A sub-committee of Congress is now
 wrestling with the oleomargarine question.
 If the sub-committee is not blessed with
 a substantial spinal column, the oleomar-
 garine manufacturers will get the upper-
 hand of the sub-committee.

Rev. Father Hunt, who preached a ser-
 mon three hours long in New York, on
 Good Friday, says the public schools of
 the United States are leading "innumerable
 souls from the path of virtue." Father
 Hunt seems to know all about it. He
 has been a resident of this country six weeks.

The special committee of the Senate to
 investigate the management of the State
 hospital, will meet in Madison next Mon-
 day, to begin work. It is to be hoped that
 the investigation will be thorough, and
 that the committee will have the courage
 to go for the bottom facts, and boldly make
 them public.

If any one desires to know how General
 Grant stands in the South, he should read
 the account of his magnificent reception at
 Vicksburg, a city which he captured seven-
 teen years ago. There is no man in the
 United States who could have created such
 a demonstration in that city but General
 Grant. If General Lee could have risen
 from the dead, it would be hardly possible
 for him to have expected such an enthu-
 siastic outpouring of the people to do him
 honor.

There is now some talk going on that
 whatever may be the result of the Cadet
 Whittaker investigation, there will be a
 change in the administration at West
 Point. This is a consummation devoutly to
 be wished. There are disgraces and brutal-
 ties enough in the South, and West Point,
 where young men are supposed to be
 taught how to become gentlemen in con-
 nection with their other studies, should be
 free from such. The public sentiment is
 that we have had already outrages quite
 enough in that institution and a change
 will be heartily wished. It is stated in a dispatch
 from New York, that since General Schofield
 advanced the theory that Cadet Whittaker
 injured himself, the case has been man-
 aged with but one object—"the conviction
 of the injured man." The whole scheme
 seems to be one of absolute wrong—to
 drive the colored cadet from West Point.
 No colored cadet ever entered the Military
 Academy, who did not learn by sad ex-
 perience that it cost more than it was worth
 to graduate. Every one of them has been
 painfully wronged, bitterly insulted and
 severely injured. It is about time these
 things should cease to be.

The reports are brought to the Gazette
 that the winter wheat in this county prom-
 ises well. Some fields look splendidly, and
 there are very few which are killed so as
 to be worthless. Hon. A. M. Carter, of
 Johnstown, says the wheat in his town
 looks uncommonly fine—as well as he ever
 saw it—and that but few fields have been

VICKSBURG.

The Arrival and Reception of Gen-
eral Grant at the Historic City
of Vicksburg.

VICKSBURG, April 13.—General Grant's
 special train arrived at Vicksburg a little
 after one o'clock this morning, and the
 party were taken quietly to the Lamard
 House. The train from Jackson consisted
 of a Pullman car, which the party had oc-
 cupied from New Orleans, and an ordinary
 coach which the Vicksburg committee, to
 the number of about fifty, had, to act as es-
 cort to the Hill City.

At ten o'clock to-day, after an introduc-
 tion to perhaps 200 leading citizens, car-
 riages were taken to for a drive to the na-
 tional cemetery. For two hours people of
 both colors had been gathering in the
 street in front of the hotel waiting im-
 patiently for the General to appear, and as
 soon as he came down there was a grand
 rush to so much as even touch the hem of
 his garment. The crowd, and leading
 citizens filed some twenty-five carriages,
 and after some difficulty he passed out of
 the crowd and went to the beautiful Ter-
 race Hill, where sixteen thousand Federal
 dead lie buried. Here, too, a great many
 people had gathered to take the opportu-
 nity to shake hands, and along the way
 General Grant was the object of all eyes,
 and his appearance was enough to throw
 the colored people, who had come by hun-
 dreds from the country, into the wildest
 ecstasy.

The grounds were literally thronged
 with a mixed crowd of white and colored,
 and amid the booming of cannon and to
 the strains of "Hail Columbia," (demo-
 strations) escorted by the Reception Com-
 mittee, walked up the steps and appeared on
 the veranda. As he appeared there was
 one grand outburst of cheers. He simply
 raised his hat, bowed, and took the chair
 placed for him. About him sat the Re-
 ception Committee, consisting of Major
 Worrell, Judge Simral, President Klein,
 of the Mississippi Valley Bank; and
 Beck, several leading cotton merchants
 and others.

Judge Simral spoke to the crowd, say-
 ing that Colonel McCordie, an ex Confed-
 erate officer, would deliver the address of
 welcome. Colonel McCordie said:

General Grant, I am indebted to the kind
 hospitality of the Chief Magistrate of the
 historic city for the honor, privilege and
 pleasure of extending to you, in the name
 and behalf of all our people, a warm and
 cordial welcome. When I say all, our
 people, sir, I mean it, for you are wel-
 come by all, and this without regard to
 race or color, political predilection, or re-
 ligious creed. [Applause.] There was a
 time when your presence here was less
 welcome than it is today. You were then
 with a large retinue of your friends, anx-
 ious to make a visit to this city, and those
 of us who were then present were equally
 anxious that you should forego that
 pleasure. [Laughter.] For seven
 weary days and nights, beneath a
 pitiless hail of shot and shell, we sought to
 avoid having you with us, but your atten-
 tions were so pressing and persistent that
 we finally concluded to receive you.
 [Laughter and applause.] And now, sir,
 nearly seventeen years after the first visit,
 it affords me pleasure to say that your
 treatment of the garrison surrendered to
 you on the 4th day of July, 1863, was kind,
 considerate and generous. In your de-
 portment and in that of the officers and
 men who accompanied you there was
 nothing unworthy of the character of the
 American soldier. [Applause.] Then,
 sir, this city was begirt with serried lines
 of armed men, and the broad bosom of the
 great river, which leaves our shore was
 covered with a powerful squad-
 ron of ships of war. How different the
 scene to-day. Hostile navies no longer
 ride upon our waters and our green de-

clivities no longer resound to the clash of
 steel, the rattle of musketry and the thun-
 der of artillery. All is peace, calm and
 quiet. Some of those who looked upon
 you with sad hearts and swimming eyes,
 as you rode through our streets that bright
 July morning are here to-day to give you
 welcome as the distinguished American
 soldier and only living ex-President of the
 United States. [Long applause.] We
 cannot offer you, sir, such a pageant as has
 greeted you like the drum-beat of old
 England all around the world, but in its
 stead we extend to you a cordial greeting
 and bid you welcome to our home.
 General Grant, in reply, spoke as fol-
 lows:

GENTLEMEN AND CITIZENS OF VICKSBURG:
 It is with unalloyed pleasure that I come
 to this historic city, and am received in
 such a manner as I have been to-day. I
 confess that I feel great satisfaction upon

BRIEFLETS.

—Quiet night.
—Building is booming.
—Mr. and Mrs. Elmer Main rejoice—it is a boy.

—Stanley B. Smith has returned from a few days' stay in Chicago.
—Wall King started this afternoon for a two weeks' visit to Minnesota.

—Mr. Robbins is getting along well, and is plodding along the road to a full recovery.

—The black horse mystery must be somebody's nightmare—a freak of the imagination.

—The street sprinklers are not ornamented with their usual amount of advertising matter.

—H. B. Haggood is in the city and is to be a helper this season to George Steele, Mr. Robbins' popular general agent.

—The High School graduating exercises are to take place next Friday afternoon, and their annual party is to be given in the evening of that day.

—Col. Robbins' Great Allied Shows will open the season in this city, May 1. It will be a better show both on the street and under the canvas than ever before.

—The funeral services of Patrick McCune were held this afternoon at St. Patrick's church. The Temperance Band and Society attended in a body, as well as many friends of the deceased.

—Now is a good time to look after the bolts and bars. No burglars have been prowling about here for so long that many citizens are getting careless. Fasten up snug, and watch as well as pray.

—Justice Brooks' office looks like a tobacco warehouse to-day. Samples of Spanish and seedleaf are scattered about, experts are examining them, witnesses are swearing and lawyers are wrangling.

—Andrew Palmer, Esq., has returned from his two weeks' visit to Albert Lea, Minnesota. He notes with surprise the changes which Milwaukee street has undergone in two weeks' regards buildings.

—Mrs. Sarah Little, Superintendent of the Institute for the Blind, received a telegram this morning containing the sad news that her mother, who lives at Oberlin, O., was very dangerously ill. Mrs. Little started at once for that place.

—Britton & Kimball sent out to day one of the handsome caskets ever seen in this city. The casket was round, parting in the center, each side sliding down out of sight when the casket was opened, and the whole was so trimmed as to cause it to look like a beautiful resting place for the loved remains of the departed one.

—The postoffice in the town of Center has been discontinued by order of the Postmaster General, and those who have been getting their mail there will now see to it that their mail matter is directed elsewhere. Postmaster Patterson has been directed to take charge of all the business matters connected with the office.

—There seems to be a good prospect for having the cows shut up this season, so that property owners may improve their lawns and otherwise beautify the city, without being annoyed by bovines. Janesville has been long behind the times in this respect, and it is to be hoped that the new Council will have backbone enough to keep the streets from being used for pastures.

—Miss Ella Barless, daughter of Mrs. Robert Barless, of Rock Prairie, died at her home this morning about 1 o'clock. She had been attending school at Milton, but was at home when taken ill about a week ago. Her disease was inflammation of the lungs, and all efforts to stay its deadly course seemed in vain. She was only fifteen years of age, and was of one of those happy dispositions which made all, with whom she came in contact, to become attached to her and to admire her many noble qualities. The sympathies of many are extended to those thus heavily bereaved. The funeral services are to be held to-morrow afternoon at 2 o'clock.

THE WEATHER.

REPORTED BY PARENTS & EVANSON, DRUGGISTS.
The thermometer at 6 o'clock last evening stood at 57 degrees above; at 1 o'clock a. m., to-day at 42 degrees above; at 7 o'clock a. m., at 45 degrees above, and at 1 o'clock p. m. at 72 degrees above. Clear. The indications to-day are for the upper lake region warmer, clear or partly cloudy weather, warm southwest veering to colder northwest winds, rising, preceded in the south and east portions by falling barometer.

PLYMOUTH.

—Miss Cady, of Blue Earth, Minnesota, is visiting her uncle, H. C. Innan.
—We are pleased to see that S. A. Smiley is building a barn. That's right give the carpenters more work.
—Miss Mary Smiley, who has been attending the academy at Janesville, has so far recovered from her illness that she has returned home.
—Mr. Byron Smiley is getting along finely, and will be out in a few days.
—Another man made happy. It's A. F. Smiley this time.

POOR PORTER.

Further Particulars Concerning His Tragic Death at Alma, Colorado.

The wild career of Bill Porter, is so familiar to the citizens of Janesville that every scrap of news concerning his tragic death is read with eager interest. The Gazette has already published a lengthy account of the murder committed by him, and how he was summarily hanged by the vigilantes, but some additional particulars have now been obtained, the most of which are gleaned from the columns of the *Fairplay*, a paper published in Park county, Colorado.

Thomas Carmody, the man whom Porter murdered, was a young miner, of Irish birth, quiet in his manners, and industrious, a man who would not injure anyone. On the evening of the affray, he was engaged in a conversation in a saloon opposite his boarding place, and strangely enough the subject of discussion was religion. Porter was present, but no words passed between them, and Porter soon walked out of the room, accompanied by Mike Casey. A moment later Carmody arose saying—"Well ye don't like my talk, and I will go out." As he walked up the street he met Porter and Casey. Porter said—"You are the s— of a b— that's back-capping me." Carmody replied with a smile, "I don't know what you mean." Porter repeated the remark and added "I'll just give it to you," and without another word, drew a revolver and fired, the ball hitting Carmody near the right nipple. Carmody started to run to a hotel, and Porter endeavored to fire again at him, when the town marshal came up from behind and struck Porter across the side of the head telling him to the ground. He lay there senseless and did not revive until lodged in jail. Carmody fell at the door of the hotel, was taken to his boarding place, and died within half an hour, without being able to say one word, even of farewell to friends.

The shooting occurred about 7 o'clock, and the excitement ran high. By the time Carmody breathed his last: a crowd of citizens, including nearly every able-bodied man in town, had gathered, and everywhere were heard the cries "Hang the murderer." At 8 o'clock a half inch rope was obtained and the crowd went to the jail, a small log building on the outskirts of the town. They demanded the keys of Marshal Link, and after he had been threatened some, he gave them up. It is stated that a man named Johnson, who had been on intimate terms with Porter, was the first to enter, and as he did so Porter jumped at him like a tiger, and cut him in the back of the head with a knife. The odds were too great against Porter, and he was at once dragged outside. He seemed perfectly sober, and fearless of death. When asked if he had any requests to make, he replied he had some money due him, and wanted it paid to his landlord. He wanted them to write to his folks, and tell them he was dead, but not to tell them he was hanged. The rope was placed around his neck, and a skillfully tied slip knot lay on his shoulder. The ridge pole of the jail projecting four feet over the door served for a gallows. Porter kept up his cursing to the last, and when again asked if he had more to say, he answered "No, d—n you, pull on the rope." In an instant his wish was granted and he was pulled up, about four feet from the ground, and there died with hardly a struggle.

The only circumstance which could be discovered as having in any way incited Porter against Carmody was this: Porter had talked with Carmody and Casey about going over to Hoosier pass, and jumping some claims on the head of Blue, all of them having worked in that vicinity, and the two latter backed out, and declared they would have nothing to do with it, which made Porter angry, but which of course furnished not the shadow of an excuse for any sort of violence, much less assassination.

Porter's body was allowed to hang in front of the jail until the next afternoon, and a noisy crowd surrounded it all of the time. One of the hands had lost a thumb, an ear had been bitten off in some fight, the broken jaw bone had bled profusely from the blow given by the Marshal's cane, and the blood had run over and besmeared the dirty, pallid features, while the neck had stretched to twice its natural length. The body was cut down in the afternoon by the Sheriff, in the presence of the Coroner's jury, and was buried by the authorities.

The result of the inquest over Carmody's remains was simply that he had been shot by William J. Porter. The inquest on Porter's remains resulted in a verdict that he had come to his death by hanging, at the hands of persons to the jury unknown, a verdict which strikes the reader with a peculiar tinge of the ludicrous, in view of the fact that it is claimed that nearly every able-bodied citizen in the town was concerned therein.

The Marshal who knocked Porter down, and who gave up the keys of the jail to the crowd so that they might get Porter and hang him, is highly complimented by his townsmen for his part in the affair, and at a public meeting of citizens, resolutions of approval were passed and a committee appointed to raise funds for a memorial to be presented to him.

The same paper from which we glean these facts gives the following sketch of Porter's career, which will be read with interest by many, on account of some of its inaccuracies if for nothing else:

William J. Porter, the murderer of Carmody, was born in New York, and was fifty-two years of age. He was at one time a prominent wheat buyer of Janesville, Wis., and was in comfortable circumstances. His father and mother, as well as two children of his own, still live at Porter, Wis., the place being named after his father. They are respectable and well-to-do. Porter went into the side show business, and after traveling a while lost all his money and returned to Janesville a broken down man. He was town marshal there for two years and a soldier for four years. He claims to have lost his thumb in battle, but his partners say it was bitten off in a fight,

as well as his ear. His wife died, he took to hard drinking, and went to Texas four years ago. Two years back he came to Colorado, and at Trinidad earned the reputation of a desperate, drunken, quarrelsome character. In July last he came to Alma and went to work on the Fanny Barrett. He had several bad rows in the town and came near being shot early in winter.

COMMON COUNCIL.

The Last Regular Meeting of the Old Council—The Official Canvass—Miscellaneous Business—The Pigeon Holes Cleared.

The last regular meeting of the old Council was held at the City Hall last evening, Mayor Cobb presiding over a full board.

The Clerk read the journal of the last meeting, which was approved. He also read a miscellaneous batch of bills, which, under a suspension of the rules, were referred, that the present Council could pass upon the same, and clear the table of all such business.

The April report of the Police Justice, and the Board of Education, were referred to the proper committees.

Ald. Cox, from the School Committee, report the April report of the Board of Education backs as correct. The report shows expenditures as \$1,005.65. Accepted.

Ald. Fitzgibbon, presented a unanimous report of the Gas Committee, in favor of erecting a lamp post in front of the Madison house. Adopted.

Mayor Cobb read a communication from the Board of Education inviting the Common Council to attend the closing exercises of the High School. Accepted. On motion of Ald. Vankirk, the Railroad Companies were granted permission to occupy a portion of Main and Bluff streets while putting in new bridges over those streets.

The Inspectors and Clerks of Election were allowed \$3 per day for their services. Ald. Davies, from the Judiciary Committee, reported back the Police Justice's report as correct. Filed.

Ald. Vankirk, from the Finance Committee, reported in favor of a miscellaneous batch of bills, which were concurred in.

On motion of Ald. Davies, the fine of P. Hagony was remitted.

Ald. Davies, from the Judiciary Committee, to whom had been referred the returns of the late election, reported the names of all those having been elected, with their majorities, (being the same as already published in the GAZETTE.) The report was adopted, and the officers declared duly elected.

Ald. Robinson moved that when the Council adjourn it be until next Monday evening. Adopted.

Ald. Croft read a communication from the officers of the Fire Department, asking the Council to connect the two engine houses with the telephone exchange.

Ald. Croft stated that this was a grand opportunity for the city to get the benefit of a system of Fire Alarm Telegraph that would cost them, at the lowest possible estimate, \$1,500 to erect, and an annual rental far greater than the cost of this to run. The exchange now has eleven miles of wire, and thirty-one stations in working order, and more being erected daily, which actually covers the whole city. The men sleeping in both engine houses would thus be in communication with all points, and if a fire was discovered in any part of the city, for instance near the Northwestern freight house, the engines would be well under way before the alarm could be got to the department by the present means of alarm. He was satisfied it would annually save the city many times its cost each year, by getting the boys out so much quicker, and he thought it was the duty of this young Council to do one act that would be a credit to it before it finally expired. Now was a chance to do something that would be of benefit to the city, and no one would say that it would be a misappropriation of money. This Council had as much power and as great a right to order it done as the new Council, and he hoped to see final action taken at this meeting.

Pending a motion to comply with the request, the matter was, on motion of Ald. Davies, referred to the new Council.

Ald. Vankirk presented an amendment to the old ordinance, which was read the first and second time, and failing to secure a two-thirds vote went over under the rules.

On motion of Ald. Church, Barr Robbins was allowed free license to exhibit his show in this city.

The City Attorney reported that it would require the services of an engineer to ascertain the grade of sidewalks on Milwaukee street, as asked for by the Council.

The Council adjourned.

MILWAUKEE GRAIN REPORT.

Special Correspondence Janesville Gazette.

MILWAUKEE, April 12—9 a. m.

DEAR SIR:—The downward tendency which has characterized the market for several weeks appears to have culminated during the last days of the past week, when prices reached the lowest range since October last. No 2 cash selling at \$1.08 1/2, and for delivery in May at \$1.10 1/2, on Friday, since when a reaction has taken place, resulting in a rapid advance, closing on Saturday 2 cents on cash and 1/4 on futures higher than the lowest point touched, and 1/4 cent higher on futures than on the 31st inst. The demand has been mainly for home use up to Saturday, when a fair business was done for shipment. The large outward movement from seaboard points continues the exports of wheat and flour reduced to wheat, for the week ending on the 9th, being 2,450,000 bushels. Early in the week the reported stringency in the money market East gave rise to grave apprehensions on the part of the grain dealers here, but later advices noting an easier feeling have tended towards more confidence, but should a further tightening of the money market occur soon as some predict, it would result in carrying prices materially lower. The situation at best is considered somewhat problematical and a season of excitement with wide fluctuations is likely to ensue, whether it may be a sharp upward movement or a further decline it is now difficult to determine.

Reports from the winter wheat districts are somewhat conflicting, but on the whole it is conceded that an average crop may be looked for. In this State there has considerable damage resulted from the unreasonable weather during the months of January and February, but many dealers that were supposed to have been damaged so as to need replanting are looking fairly well, and the general outlook favors a much better crop of winter wheat than at one time was thought possible. Spring seeding is progressing favorably throughout Southern Minnesota and Wisconsin, while through the Central and Northern portions but little has been done as yet.

Receipts here continue to decrease, showing a daily average for the week of about 10,000 bushels as against 14,000 for the previous week, 31,000 the same week last year, and about 95,000 for the same week in 1878.

The total receipts at spring wheat points for the week were 170,541 bushels, against 199,000 the previous week, 393,000 the same week last year, and 590,000 for the corresponding week in 1878. There is a diversity of opinion as to the amount of the crop yet to be marketed, but it is generally conceded that throughout the spring wheat States about one-fifth only is held by farmers. Granting this to be the correct proportion in first hands, after deducting the amounts necessary for home consumption and for seed, the opinion of some that the country mills will require the largest share of what remains seems to be warranted. The amount of wheat in sight in this country reported up to the 3d inst., was 24,353,000 bushels, showing a slight increase over previous reports, making the "visible supply" larger by about 5,000,000 bushels than at a corresponding date in 1879.

The amount of wheat on passage for the United Kingdom and continent, reported up to the 3d inst., was 20,800,000 bushels, a decrease since our last of 720,000 bushels. The grand total in sight in this country, and afloat for British and continental ports, aggregating 45,153,000 bushels, as against 45,790,000 a date of previous report.

Foreign markets have ruled dull with a declining tendency, closing for the week 3d cent on spot, and is 6d per quarter on cargoes of California lower than one week ago. The quotations on spring are nominal, as there is but a limited quantity on sale. The decline in foreign through rates about offsets the advance in cash here, so that our No. 2 can be laid down in Liverpool at about the same figures as quoted one week ago, while cargoes of spring to arrive are quoted at about \$1.45; per bushel, showing a slight margin against shippers. Yours truly,

CHANDLER, BROWN & CO.

Dr. Price's reputation has been acquired by candor, honest dealing and years of successful practice.

My practice is not one of experiment, but founded on the laws of Nature, with years of experience and evidence to sustain it, does not tear down, make sick to make well; no harsh treatment, no trifling, no flattery. We know the cause and the remedy needed; no guess work, but knowledge gained by years of experience in the treatment of chronic diseases exclusively; no encouragement without a prospect. Candid in our opinions, reasonable in our charges, claim not to know everything, or cure everybody, but do lay claim to reason and common sense. We invite the sick, no matter what their ailment, to call and investigate before they abandon hope, make interrogations and decide for themselves; it will cost nothing as consultation is free. Visits made regularly.
